

LIBTECS

Circulation System

The Sapphire Staff station series is designed for converting, programming and identifying library labels in books, magazines etc.

SAPPHIRE EM STAFF STATION

Seamless integration of technologies

The Sapphire EM Staff station is a fast and efficient solution for (de)activation of EM tail tags, commonly in use in libraries.

The Sapphire EM Staff station can operate as stand-alone or in host mode.

Design and functionality

The ergonomic design, the use of sustainable materials and the capacitive touch panel guarantee perfect use of this unit. By using LIS (LED Information Service) the unit gives detailed status information to the user about the status of the working process.

The workpad distinguishes 3 color modes:

- BLUE: in operation
- GREEN: access granted
- RED: access not granted

LIBTECS

Security

Specifications

Dimensions

Height: 112 mm

Width : 544 mm

Depth : 358 mm

Material

Stainless steel, PS, high-impact composite

Weight

12 kg

Functions

EM activation / deactivation: Check-in / check-out for
Books / Magazines / Media

Compatibility

Stand alone / host control mode

USB interface for communication with the library circulation software (LMS)

Certifications

CE / EMC

Item protection

EM technology (EM tags)

Unit: 12 V DC 2A

Power adapter:

100 – 240V, 0,55-0,3 A

60 / 50 Hz

Environmental facts: Temperature: + 10°C < > 45°C
